INDEPENDENT AUDITORS' REPORT

To: The Members of
The Obakki Foundation

We have audited the accompanying financial statements of The Obakki Foundation, which comprise the statement of financial position as at April 30, 2018 and the statements of revenue and expenses, changes in net assets and cash flows the year then ended, and a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for not-for-profit organizations and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our qualified audit opinion.

Basis for Qualified Opinion

In common with many charitable organizations, The Obakki Foundation derives revenue from fundraising activities and donations, the completeness of which is not susceptible of satisfactory audit verification. Accordingly, our verification of these revenues was limited to the amounts recorded in the records of The Obakki Foundation and we were not able to determine whether any adjustments might be necessary to recorded contributions, the excess of revenues over expenses, and cash flows from operations for the years ended April 30, 2018 and net assets as at April 30, 2018.

INDEPENDENT AUDITORS' REPORT

Qualified Opinion

In our opinion, except for the effect of adjustments, if any, which we might have determined to be necessary had we been able to satisfy ourselves concerning the matters referred to in the preceding paragraph, these financial statements present fairly, in all material respects, the financial position of The Obakki Foundation as at April 30, 2018 and the results of its operations, changes in net assets and its cash flows for the year then ended in accordance with Canadian accounting standards for not-for-profit-organizations. As required by the Society Act of British Columbia we report that, in our opinion, these principles have been applied on a basis consistent with that of the preceding year.

THE OBAKKI FOUNDATION
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED APRIL 30, 2018

NOTE 1 - NATURE OF OPERATIONS

At the Obakki Foundation our projects are focused on the work; not defined by it. Rather than categorizing people in need, we empower them to transform their circumstances. By identifying gaps and strategically investing in sustainable solutions, we're able to facilitate real change in the following areas:

Clean Water

With clean water everyone's health improves. Rather than spending hours everyday searching for water, children can attend school and women can care for their families. Gardens can be planted and extra produce can be sold at local markets.

Agriculture + Food Security

We collaborate on projects - like vocational farms and seed programs - that help feed a person, a family and a village. With enough food, children can focus at school, families can earn a living and communities can thrive.

Health

Access to healthcare is a basic universal need, yet Africa bears 25% of the global disease burden and only 2% of the world's doctors. We work with under-served communities and individuals to improve access to the care and medication that is required to overcome or even prevent illness.

Education

The children we work with know that schools is the key to a better future and they're eager to learn. We provide resources and opportunities in education to the communities that need it most. When children are educated, they have the tools to pull themselves and their families out of poverty.

Economic Initiatives

Overcoming economic challenges is possible with the necessary education and opportunity. By offering training to support income-generation, especially for women, we're investing in the transformation of entire communities. When people are empowered to create a business or develop a skill they're able to lead by example and support the next generation that follows them.

**THE OBAKKI FOUNDATION
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED APRIL 30, 2018**

NOTE 1 - NATURE OF OPERATIONS (Cont'd)

Obakki Foundation programs are as diverse as the people they benefit because we believe opportunity comes in many forms. Our fashion brand, Obakki, covers the Obakki Foundation administrative costs. This means 100% of your contribution goes directly to our programs.

Whether it's an idea, an individual, a school or an entire village - we invest in what is possible.

The Foundation is a registered charitable foundation under the Canadian Income Tax Act.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash

Cash is comprised of operating cash.

Financial Instruments

The Foundation initially measures its financial assets and financial liabilities at fair value. The Foundation subsequently measures all its financial assets and financial liabilities at amortized cost.

Financial assets measured at amortized cost include cash, accounts receivables and advances receivable.

Financial liabilities measured at amortized cost include accounts payable.

THE OBAKKI FOUNDATION
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED APRIL 30, 2018

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Use of Estimates

The preparation of financial statements in accordance with accounting standards for private enterprises requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future.

Foreign Currency Translation

Foreign currency accounts are translated into Canadian dollars as follow:

At the transaction date, each asset, liability, revenue and expense is translated into Canadian dollars by the use of the exchange rate in effect at that date. At the year end date, monetary assets and liabilities are translated into Canadian dollars by using the exchange rate in effect at that date. The resulting foreign exchange gains and losses are included in income in the current period.

Volunteer Services

The work of the Foundation is dependent on the efforts of many volunteers. Because these services are not normally purchased by the Foundation and because of the difficulty of determining their fair value, donated services are not recognized in these financial statements.

NOTE 3 - RELATED PARTY TRANSACTIONS

Transaction with related parties comprise the following:

	2018	2017
Revenue		
Donations received from directors and companies controlled by directors	<u>\$107,371</u>	<u>\$ 63,079</u>
Expenses		
Donations made to The Obakki Foundation USA	<u>\$121,000</u>	<u>\$132,409</u>

THE OBAKKI FOUNDATION
NOTES TO THE FINANCIAL STATEMENTS
FOR THE YEAR ENDED APRIL 30, 2018

NOTE 3 - RELATED PARTY TRANSACTIONS (Cont'd)

The Obakki Foundation and The Obakki Foundation USA have common management, identical aims and objectives and coordinate their action plans.

Obakki Designs and Obakki Foundation share common board and management. Obakki Designs facilitates fundraising on behalf of Obakki Foundation by retailing specific items and donating the proceeds to Obakki Foundation's objectives.

The above transactions were carried out in the normal course of operations and are recorded at the exchange value.

NOTE 4 - FINANCIAL INSTRUMENTS RISK

Currency Risk

Currency risk is the risk that the fair value of future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. Financial instruments that potentially subject the Foundation to significant concentrations of currency risk consist of cash.

Liquidity Risk

Liquidity risk is the risk that the Foundation will not be able to meet its obligations as they fall due. The Foundation maintains adequate levels of working capital to ensure all its obligations can be met when they fall due.
